

EMBEDDED INSIDERS PODCAST

Mergers, Acquisitions, and Free Money

It's all about money! In this edition of the Embedded Insiders, Brandon and Rich break down some major acquisitions, like Arm's purchase of NVIDIA, as well as AMD potentially buying Xilinx, prompted in part by all the "free money" that's available in the wake of the COVID-19 pandemic.

Later, Jim McGregor, Principal Analyst at Tirias Research, and Calista Redmond, the CEO of RISC-V, join to continue the conversation.

AUTONOMOUS SOLUTIONS FEATURE

Smart OCR Solution Using Xilinx Ultrascale+ and Vitis AI

The text is among the most brilliant and influential creations of humankind. The rich, precise high-level semantics embodied in the text helps understand the world around us and build autonomous-capable solutions that can be deployed in a live environment.
